Re: MM Docket No. 99-114; RM-8902

RECEIVED  
JUN 01 1999  
FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Dear Secretary,

The Laughlin Chamber of Commerce has recently learned that Mohave Broadcasting Company is proceeding with plans to bring a television channel on line in our Southern Nevada community. We understand that with the blessing of the Federal Communications Commission, UHF TV Channel 34 would move from Lake Havasu City, Arizona to Laughlin, a distance of approximately 80 miles.

We are thrilled with the possibility and anticipate many opportunities for economic growth and interaction in our region. Our booming area, located on the banks of the Colorado River, is unique in that California, Nevada and Arizona meet here and we host five million visitors annually who enjoy Nevada-style fun along with an abundance of water recreation.

The specific township of Laughlin welcomes new business – especially one that can aide in our efforts to create a better awareness about our community, its economic development and its businesses. We wish to go on record in support of this channel and expect nothing but positive gains for our region from the Mohave Broadcasting operation.

Sincerely,

  
Jo Elle Hurns  
Executive Director
